

How to Dispose of USED SHARPS

Step 1:

Place the used sharps in a strong plastic container such as laundry detergent or bleach containers.

Step 2:

Duct tape the lid closed and label "Caution: Sharps Inside."

Step 3:

Place labeled container in trash bag and discard in household trash can.

DO NOT place used sharps in weak plastic containers such as water and soda bottles.

DO NOT discard used sharps in a recycling bin or flush them down the toilet.

Services are partially supported by your local health levy. This institution is an equal opportunity provider.
