This clinic collects health information about you and stores it in a chart, on a computer, and in an electronic health record/personal health record. This is your health record. The health record is the property of this clinic, but the information in the health record belongs to you. The law permits us to use or disclose your health information for the following purposes:

- 1. <u>Treatment</u>. We use health information about you to provide your health care. We disclose health information to our employees and others who are involved in providing the care you need. For example, we may share your health information with other physicians, dentists or other health care providers who will provide services that we do not provide. Or we may share this information with a pharmacist who needs it to dispense a prescription to you, or a laboratory that performs a test. We may also disclose health information to members of your family or others who can help you when you are sick or injured, or after you die.
- 2. <u>Payment</u>. We use and disclose health information about you to obtain payment for the services we provide. For example, we give your health plan the information it requires before it will pay us. We may also disclose information to other health care providers to assist them in obtaining payment for services they have provided to you.

- Health Care Operations. We may use and disclose health information about you to operate this clinic. For example, we may use and disclose this information to review and improve the quality of care we provide, or the competence and qualifications of our professional staff. Or we may use and disclose this information to get your health plan to authorize services or referrals. We may also use and disclose this information as necessary for health reviews, legal services and audits, including fraud and abuse detection and compliance programs and business planning and management. We may also share your health information with our "business associates," such as our billing service, that perform administrative services for us. We have a written contract with each of these business associates that contains terms requiring them and their subcontractors to protect the confidentiality and security of your protected health information. We may also share your information with other health care providers, health care clearinghouses or health plans that have a relationship with you, when they request this information to help them with their quality assessment and improvement activities, their patient-safety activities, their population-based efforts to improve health or reduce health care costs, their protocol development, case management or care-coordination activities, their review of competence, qualifications and performance of health care professionals, their training programs, their accreditation, certification or licensing activities, or their health care fraud and abuse detection and compliance efforts. We may also share health information about you with the other health care providers, health care clearinghouses and health plans that participate with us in "organized health care arrangements" (OHCAs) for any of the OHCAs' health care operations. OHCAs include hospitals, physician or dental organizations, health plans, and other entities which collectively provide health care services. A listing of the OHCAs we participate in is available from the Privacy Official. We participate in one or more Health Information Exchanges. Your healthcare providers can use this electronic network to securely provide access to your health records for a better picture of your health needs. We and other healthcare providers, may allow access to your health information through the Health Information Exchange for treatment, payment or other health operations. This is a voluntary agreement. You may opt-out at any time by notifying the clerical staff.

In the event of a disaster, we may disclose information to a relief organization so that they may coordinate these notification efforts. We may also disclose information to someone who is involved with your care or helps pay for your care. If you are able and available to agree or object, we will give you the opportunity to object prior to making these disclosures, although we may disclose this information in a disaster even over your objection if we believe it is necessary to respond to the emergency circumstances. If you are unable or unavailable to agree or object, our health professionals will use their best judgment in communication with your family and others.
- 7. <u>Marketing</u>. Provided we do not receive any payment for making these communications, we may contact you to give you information about products or services related to your treatment, case management or care coordination, or to direct or recommend other treatments, therapies, health care providers or settings of care that may be of interest to you.
