## Instructions for looking up Medina County Health Department permits and documents on the Medina County Auditors website

- 1. Go to <a href="https://auditor.medinacounty.gov">https://auditor.medinacounty.gov</a>
- 2. Enter the address, name or parcel number. When entering the address, you can either just put in the address numbers, or for a more detailed search you can also enter the road names. Sometimes less information is better. NOTE: Street suffix's are not needed i.e. ST., Dr. Rd., Ave.

3. If just the address numbers are entered, it will pull up all the addresses containing those numbers. Find the address needed, then click on the green permanent parcel number to the left.
