The two Walgreens Pharmacy locations join 14 other sources of vaccine in Medina County. A full list of vaccine providers can be found here: www.medinahealth.org/vaccine

It is important to know the process for some locations may differ from one another or change in the coming weeks. The number of doses available each week within Medina County is subject to state distribution plans.

No cost transportation within the county is available for those requiring this service in order to get vaccinated. Please call the Office for Older Adults at 330-723-9514.

While we know that many people in our community are eager to receive the COVID-19 vaccine, the demand for the vaccine remains higher than the available supply. Please be assured if you are unable to get an appointment right away, providers are expected to receive new shipments weekly. All citizens who want to receive the vaccine will have the opportunity to do so, it will just take time.

The list of providers with vaccine availability is as follows:
